WEST, Druggist, Janesville, Wis. Orders by mail will receive prompt attention.

MISCELLANEOUS.

—The real and personal property in the United States is valued at \$70,000,000,000.
—The King of Siam's full name is Krom Phra Katcha Wang Borwong Siam Mong Keng. He is lord of many white elephants.
—A Justice of the Peace at Alexander, Pa., is called the Marrying Squire, because he has tied 1,846 matrimonial knots. He is an old man, and for fifty-two years has officiated at nearly all the weddings in his part of the country.
—A young man of nineteen and a girl of sixteen, arm-in-arm, jumped from the seventh story of a hotel in Naples to commit suicide. The young man was killed and the young girl lit upon her feet. They were lovers.
—A medical paper at Leipzig has been fined 100 marks and costs, at the suit of seventy-five homoeopathic doctors, for publishing a lecture delivered to a Berlin medical society in which homoeopathy was denounced as quackery and swindling.
—A few weeks ago the foundation stone was laid of a huge embankment, across a Welsh valley, which is to confine waters destined to supply Liverpool, sixty-seven miles distant, with 52,000,000 gallons a day. The works are expected to take twenty years.
—Among the numerous sects in Russia is the one known as the Neplatschschik, a word which means the Non-Payers. They are very numerous and have an elaborate creed of religious belief, the cardinal doctrine of which, however, is their refusal to pay taxes.
—A London benevolent institution is the Metropolitan Drinking Fountain and Cattle-tough Association. In an appeal to charitable persons for assistance the chairman points out that there are now 875 fountains and troughs in London, at which 700,000 persons and animals daily quench their thirst.
—A couple eloped at Falling Springs, W. Va., and were hotly pursued by the girl's father. His horse threw him, breaking his leg, and the suitor considered bore him back home. This caused diversion, giving the young man time to prove that he was not a gambler, as his skill at cards had led the father to believe, but belonged to a wealthy and respectable Boston family. A peaceful wedding ensued.
—Very heavy damages have been awarded to M. Lambert for injuries received on a train at Janesville. The accident occurred on the 17th of December last, at the Bondy station, an express running into a slow train that was about to start. The prosecutor was lamed, his two legs being caught between the benches of his compartment, and a portion of his skull was fractured. It was proved that M. Lambert was making nearly 30,000 francs a year entirely by his own exertions, and that he had been disabled by the accident, and damages were accordingly asked for to the amount of 500,000 francs. M. Le Berquier pleaded on behalf of the prosecutor, and the court, fully recognizing the losses sustained by his client, sentenced the company to the payment of 250,000 francs, or \$50,000.
—Near Saratoga, Santa Clara County, Cal., a lady and her lover were out practicing shooting at a target with a Winchester rifle. While the gentleman was reloading the gun he handled it carelessly and it was discharged. The bullet whizzed by the lady's brow and went through her hair, striking her forehead from the temple, and her lover, believing that he had killed her, became frantic with remorse. He prepared to slay himself. He placed another cartridge in the weapon, picked out a picturesque spot on which to fall, gave one thought to the magnificent sensation which would be created by the discovery of two lovers' corpses, composed his features to a smile of peace, and would have sent a bullet crashing into his bosom, but the young lady regained consciousness and stayed his cruel hand.
—Not long ago the body of a detective named Prim was found in the cemetery of a Russian town called Smolensk, where the unfortunate man had been murdered in cold blood by the revolutionists. Prim, it appears, had learned that a meeting of conspirators was to be held during the previous night in the burial-ground, and, disguised as a laboring man, had joined the assemblage for the purpose of identifying those present. It was his ill fate to be recognized, seized and condemned to instant death. Several of the conspirators held him down while one of their chiefs deliberately cut his throat from ear to ear; thus, at least, runs the confession of two men who were subsequently arrested upon suspicion of being connected with the secret associations, and who, it is alleged, have frankly acknowledged their complicity in the crime.
—Professor Barrett tells in Nature the story of a family in Dorsetshire, every member of which is able to read thoughts committed to paper without seeing the paper, or touching or even seeing the writer. A scientific committee is about to investigate the facts, or alleged facts, for which he answers. The family is that of a Nonconformist minister, the Rev. M. Creery, of Buxton. He answers for it that there is neither deception nor conjuring; the children do get "impressions," which enable them how they do, to guess what other people are thinking about. Meanwhile the savans who have hitherto investigated what is called mind-reading declare it to be simply muscle-reading. Few people can so control their muscles as to hide the facts which an intelligent "reader" wishes to discover. It is interesting to remember in this connection that the most impressive of modern statesmen, whose face was a muscle, could not prevent himself from revealing emotion in the twitching of his hands.
How to Secure Health.
It seems strange that any one will suffer from the many derangements brought on by an impure condition of the blood, when SCOVILLE'S SARSAPARILLA AND STILLINGIA, or BLOOD AND LIVER SYRUP, will restore perfect health to the physical organism. It is indeed a strengthening syrup, pleasant to take, and has proven itself to be the BEST BLOOD PURIFIER ever discovered, effectually curing Scrofula, Syphilis, Eruptions, Eczema, all Nervous Disorders and Debility, Bilious complaints and all Diseases indicating an Impure Condition of the Blood, Liver, Kidneys, Stomach, Skin, etc. It corrects Indigestion. A single bottle will prove to you its merits as a health renewer, for it ACTS LIKE A CHARM, especially when the complaint is of an exhaustive nature, having a tendency to lessen the natural vigor of the brain and nervous system.
BAKER'S PAIN PANACEA cures Pain in Man and Beast. For use externally and internally.
DR. ROGER'S VEGETABLE WORM SYRUP instantly destroys worms and removes the Secretions which cause them.

FARM AND FIELDSIDE.

—Vegetable charcoal is highly recommended by English army veterinarians as a cheap and efficient dressing for wounds.
—When cows are found gnawing bones or rotten wood it signifies they are troubled with indigestion. Give each cow a pint of linseed oil or sweet olive oil, and repeat in a week if necessary.
—Tossed Potatoes.—Boil some potatoes in their skins; peel them out and cut into small pieces. Toss them over the fire in a mixture of cream, butter rolled in flour, pepper and salt till they are hot and well covered with the sauce.
—Lemon Butter for Tart.—Lemon butter is excellent for tarts. It is made as follows: One pound pulverized white sugar, whites of six eggs and yolks of two, three lemons, including grated rind and juice. Cook twenty minutes over a slow fire, stirring all the while.
—By using sirup or molasses for mustard plaster, they will keep soft and flexible and not dry up and become hard, as when mixed with water. A thin paper, or fine cloth, should come between the plaster and the skin. The strength of the plaster is varied by the addition of more or less flour.
—The simplest and best remedy for the cabbage-worm is said to be to sprinkle air-slacked lime on the plants in the morning, on the dew, till the plants are white with it. One who has tried it for several years says that, at most, two applications are sufficient. The lime is also a good fertilizer for the cabbage.
—Peach Butter.—Pare ripe peaches and put them in a preserving kettle, with sufficient water to boil them soft; then stir through a colander, removing the stones. To each quart of peaches put one and one-half pounds sugar, and boil very slowly one hour. Stir often and do not let them burn. Put in stone or glass jars and keep in a cool place.
—A poultry house may be freed from lice by first thoroughly cleaning out all the manure, then removing the roosts and everything in which lice may harbor. Next take a gallon of kerosene oil and saturate every crack in which lice may gather; take out the floor and leave the earth, and lastly give the whole a thorough soaking with hot lime wash. Lastly, grease the roosting-poles with lard and kerosene oil so that it gets upon the fowls' feathers.
—A deep punctured wound, such as one made by a horse stepping on a nail which enters the foot, should be immediately enlarged as much as possible by cutting away the horse's hoof, and should then be thoroughly washed with a solution of salt in warm water, injected by means of a syringe. Some compound tincture of benzoin may then be injected, and a plug of tow soaked in the tincture should be kept in the wound. The foot should be thoroughly soaked in warm water twice a day and dressed. If the wound is closed much mischief will result, and it must be kept open until it heals from the bottom.—N. Y. Times.
—Drying Apples.—Apples sliced may be dried very fast under a suitable kitchen stove by taking an old tin, clean every morning. Have three extra wide boards of suitable length to fit under the stove, nail strips of lath around them to keep the fruit on; raise the back end to get all the heat you can. When the fruit gets hot, take the board out and stir the fruit well and let it heat while another board of fruit is heating; change often. A rack made of lath and hung over the stove should also be used to save the heat. The quicker apples are dried after being cut the whiter they look.
—The advice to pour hot soap suds over an ant as a means of extermination will not always be found effective. These insects are almost as difficult to eradicate completely as a cancer, and I never saw a gardener more nonplussed and despairing than one who tried everything conceivable to relieve the ladies of the house from the annoyance of an ant's nest near the summer house, for two or three seasons, without getting rid of them. He said he had sulphur, blanching with powder, etc., and yet they would soon reappear. That was before carbolic acid came into common use, which, poured into dilute holes, deeply sunk here and there, might have proved effective.—Cor. N. Y. Tribune.
A Signal Victory.
The value of electricity as a remedial agent has gained a signal victory over prejudice. Thomas' Electric Oil stands preeminent in this class of compounds. Testimony from all parts of the world of the wondrous cures of rheumatism, neuralgia, lumbago, and sores, etc., effected by its agency.
Sold by A. J. Roberts and Sherer & Co.

THE GAZETTE.

MONDAY'S GAZETTE.

Owing to the sad event, which lately calls for a general observance of Monday next, and the arrangements for memorial services to be held in the afternoon of that day, the daily Gazette will on Monday be issued at noon, and the office closed after that hour. BRIEFLETS. —To-morrow is September's last Sunday. —The Baptist church is to be appropriately draped to-morrow. —Remember the lecture Monday evening by Rev. Dr. Thomas, of Chicago. —There will be a special service at Trinity church Monday forenoon, at 10 o'clock. —Mr. Charles Vetter, of the town of Center, sold his 1881 crop of tobacco to parties from Stoughton, at 15 cents per pound, and amounting to about \$3,000. —The Bower City band on its return trip from the Young America Fair last evening, came very near to being dumped out unceremoniously, the kingbolt breaking. —On next Wednesday evening at the social rooms of the Baptist church, Mrs. Ella M. Dan will lecture on temperance. Subject "Pleading Harrow, or Temperance in a New Form." —The several committees appointed to arrange for the memorial services on Monday next, are requested to meet this evening at 7:30 o'clock at the office of Doe & Myzer. A prompt and full attendance is desired. —At St. Patrick's church there will be High mass at 10 o'clock Monday forenoon. By the usages of the church the masses always are held in the forenoon, and it will not interfere at that hour, with the other services of the day. —A horse attached to one of Gray's pop wagons, and driven by Ed. Welch, tried to kick himself loose on Milwaukee street yesterday, but Charles Tall broke up the sensation, and a splintered dash board was the only harm done. —On and after one week from to-morrow, the hour for evening services at the churches will be a half hour earlier, changing from 7:30 o'clock to 7 o'clock, it having been customary to make this change here on the 1st of October. —It has been suggested that the ex-soldiers of the city should form in a body to take a place in the procession on Monday. Col. W. B. Britton, therefore, requests all the veterans who desire to join in the procession, to meet at the council chamber at 1 o'clock Monday afternoon to organize, and a place will be assigned them in the line. —Dr. George C. Reynolds, is to lecture to-morrow afternoon at 4 o'clock in the Congregational church, his theme being "The customs, habits, and religion of Turkey." Dr. Reynolds spent ten years of his life as a missionary in Turkey, and is therefore able to give very many interesting and instructive facts and incidents gathered from his own experience. —The State Fair at Fond du Lac next week promises to draw well, although an Oshkosh paper is trying to keep people away by crying small-pox, and following this up by saying that the Milwaukee exposition is the only show in the west outside of Oshkosh, worth going to. One Democratic paper cannot keep people away from the Fair by any such despicable means. Special trains will be run each day from here, special rates have been given, and special interest will be taken by our people. —The first order issued from the money order department of the Janesville postoffice was on the 6th of February, 1890, to Jason L. Wells. Two other orders were issued on the same day, the second being to Father Cheney, of this city. The first order presented for payment was March 31, in favor of the Doty manufacturing company. In those days the business consisted of two or three orders a day, and from \$30 to \$40 was the limit of the cash handled. Now thirty or forty orders a day is nearer the average, and the cash handled amounts to several hundreds of dollars per day, amounting to two or three thousand dollars per week. —The case of Enoch Taylor and wife against Dr. Sanborn came to a sudden close to-day in its trial before Justice Priehard. The suit was to recover for the board of an infant, the child of Mr. and Mrs. Matt Morris, it being claimed that Dr. Sanborn brought the child there to be cared for. The doctor showed that he took the child there simply as a favor for the father and mother, and that Taylor and his wife understood it so. The bottom was knocked all out of the case, and those who have been wagging their tongues so lively about the affair, did not have a morsel of gossip left. The plaintiff's attorney dropped the case, saying he had been misled as to the facts. BOWER CITY RIFLES-ATTENTION! You are hereby ordered to meet at the armory, in full dress uniform, on Monday afternoon at one o'clock, sharp. J. B. LaGrange, Captain. L. O. Lee, Orderly Sergeant. TEMPLE OF HONOR. A special meeting of the Temple will be held this evening at the Temple hall, at 8 o'clock, sharp. All temples are requested to attend as business of importance will be transacted. Per order of W. C. T. C. W. BLAY, W. R. DEMOCRATIC DELEGATES. This afternoon the four Democratic conventions, of this county were held, the Senatorial, and three Assembly conventions. The total attendance was seventeen. As a result the following were chosen delegates to the State convention: Senatorial—Dr. J. B. Whiting, John Dow. First Assembly District—George Holmabold, H. Reigart. Second Assembly District—John Winans, Edward McKee. Third Assembly District—A. G. Fessenden, A. G. Newhall.

YOUNG AMERICA.

It shows itself to be wide awake and enterprising. A fair which was more than fair. Yesterday was the second and closing day of the sixth annual Fair of the Young America Agricultural Society. These occasions have been growing in interest and merit year by year, but this season surpassed all previous ones. The Fair was held at George Cleland's, in the town of Center, and the spacious field devoted to the purpose, proved a happy selection. It is a rolling piece of ground, and on the highest knoll was placed the band stand, from which every part of the grounds was visible. There was a crowd of people, and a long line of teams, while on every side were signs of activity which betokened unusual enthusiasm. Representatives from all parts of the county were there, and many from the city drove out in carriages. The Bower City band occupied the stand and discoursed lively music. Flags and streamers fluttered in the breeze, the several temporary halls for exhibits were crowded, goodly-sized groups clustered about the sheds and pens where the stock was displayed, and everything had the appearance of a full fledged county fair, even to the colored lemonade, the rag baby game and the shooting gallery. In the line of stock there was, with the exception of swine, as fine a display as at the county fair. The town of Center is noted for fine stock, and there were added some noble specimens from other towns so that the whole made a grand showing. One of the events of yesterday was the address by Hon. C. G. Williams. About twenty mounted Young Americans with flags, and headed by the Bower City band, met the speaker at the gate and escorted him to the stand, where after a selection by the band, he was introduced by the president, Grant U. Fisher. Mr. Williams gave an excellent extemporaneous address of about half an hour in length. He referred to the great sorrow resting on the nation, and which the drapings of the stand indicated had not been overlooked by the managers of the Fair. The speaker briefly narrated some experiences and incidents in the life of the lamented President, and used these as texts from which to urge the young farmers to noble lives. He graphically pictured the progress made by science and invention in the aids to agriculture, and urged that there were broad fields of thought as well as of land yet to be cultivated. He paid a glowing tribute to the power of mind, and gave some very practical advice to young farmers. The officers of this society certainly deserve much credit for the enterprise and good judgment shown by them, and though young in years, they have displayed an excellence of management, which may well be patterned after. PERSONAL. —Mrs. F. G. Stevens has gone to Independence, Iowa, to visit friends. —The Misses Coryell, cousins of Mrs. W. S. Bennett, who have been visiting here for a short time, have been suddenly and sadly afflicted by the loss of their brother, Eugene Coryell, who died in Chicago yesterday. They will proceed at once to Chicago, and return with the remains to their old home in Ethna, N. Y. —Hugh Monzie and Charlie Clark left this morning to attend medical college in Chicago. Janesville sends down this winter over a dozen students, most of whom have already gone, the list embracing McDermott, Williams, Wintermute, Pomeroy, Mills, Palmer, Lusk Sutherland, Barnum, and Will Judd. The last named will not go for a week yet. —General James Bintliff, of Darlington, is to spend Sunday in the city. —Mr. and Mrs. George Scardiff, Jr., started off on their wedding trip this morning. The trip was planned to have taken place immediately after their marriage but the sudden illness of the bride prevented. She having been restored to health the young couple left this morning in the best of spirits and with the well wishes of many friends for a most safe and happy journey. They expect to visit Cleveland, Boston, New York, Saratoga, Montreal and other points of interest before their return. —A. J. Luckey, formerly of La Prairie and now a resident of De Soto, Mo., was a caller at the Gazette office this morning. This is his first visit here since 1836. —Mrs. J. S. Draper has returned from her eastern trip. —Mrs. Buffum, of Minneapolis, is expected to reach here Monday for a week's visit to her parents, Dr. and Mrs. Chittendon. —E. P. Conklin, who has been in the employ of Cyrus Miner, Esq., and for a time in the Doty works, has gone to Waukegan to open up a boot and shoe store there. He has the elements of success, and his many friends here wish a goodly share of prosperity for him. —J. M. Root, the able representative of W. W. Kimball's music house, is in the city for a few days. —Dr. Bowers, of Clinton, who was expected to preach in Court Street church to-morrow, has been taken ill, and cannot therefore fill the appointment. —Miss Minerva Guernsey, who was expected to read a sermon at the lay service to be held at All Souls' church, to-morrow, did not arrive this afternoon. —M. M. Rodgers, of Pittsburg, reached this city yesterday afternoon, in company with his sister and mother, who will remain here for a time visiting his uncle, Mr. Ferdinand Quinn. Mr. Rodgers returned this morning, business preventing a longer stay. He is private secretary to Superintendent Feltton, of the Cincinnati and St. Louis railway, a position of prominence and responsibility for so young a man. He is an excellent telegraph operator and short hand writer, and a young man of excellent parts. Those who formed his acquaintance when he visited this city two years ago will regret that his stay could not have been longer.

COMMERCIAL NEWS.

MONDAY'S GAZETTE. Owing to the sad event, which lately calls for a general observance of Monday next, and the arrangements for memorial services to be held in the afternoon of that day, the daily Gazette will on Monday be issued at noon, and the office closed after that hour. BRIEFLETS. —To-morrow is September's last Sunday. —The Baptist church is to be appropriately draped to-morrow. —Remember the lecture Monday evening by Rev. Dr. Thomas, of Chicago. —There will be a special service at Trinity church Monday forenoon, at 10 o'clock. —Mr. Charles Vetter, of the town of Center, sold his 1881 crop of tobacco to parties from Stoughton, at 15 cents per pound, and amounting to about \$3,000. —The Bower City band on its return trip from the Young America Fair last evening, came very near to being dumped out unceremoniously, the kingbolt breaking. —On next Wednesday evening at the social rooms of the Baptist church, Mrs. Ella M. Dan will lecture on temperance. Subject "Pleading Harrow, or Temperance in a New Form." —The several committees appointed to arrange for the memorial services on Monday next, are requested to meet this evening at 7:30 o'clock at the office of Doe & Myzer. A prompt and full attendance is desired. —At St. Patrick's church there will be High mass at 10 o'clock Monday forenoon. By the usages of the church the masses always are held in the forenoon, and it will not interfere at that hour, with the other services of the day. —A horse attached to one of Gray's pop wagons, and driven by Ed. Welch, tried to kick himself loose on Milwaukee street yesterday, but Charles Tall broke up the sensation, and a splintered dash board was the only harm done. —On and after one week from to-morrow, the hour for evening services at the churches will be a half hour earlier, changing from 7:30 o'clock to 7 o'clock, it having been customary to make this change here on the 1st of October. —It has been suggested that the ex-soldiers of the city should form in a body to take a place in the procession on Monday. Col. W. B. Britton, therefore, requests all the veterans who desire to join in the procession, to meet at the council chamber at 1 o'clock Monday afternoon to organize, and a place will be assigned them in the line. —Dr. George C. Reynolds, is to lecture to-morrow afternoon at 4 o'clock in the Congregational church, his theme being "The customs, habits, and religion of Turkey." Dr. Reynolds spent ten years of his life as a missionary in Turkey, and is therefore able to give very many interesting and instructive facts and incidents gathered from his own experience. —The State Fair at Fond du Lac next week promises to draw well, although an Oshkosh paper is trying to keep people away by crying small-pox, and following this up by saying that the Milwaukee exposition is the only show in the west outside of Oshkosh, worth going to. One Democratic paper cannot keep people away from the Fair by any such despicable means. Special trains will be run each day from here, special rates have been given, and special interest will be taken by our people. —The first order issued from the money order department of the Janesville postoffice was on the 6th of February, 1890, to Jason L. Wells. Two other orders were issued on the same day, the second being to Father Cheney, of this city. The first order presented for payment was March 31, in favor of the Doty manufacturing company. In those days the business consisted of two or three orders a day, and from \$30 to \$40 was the limit of the cash handled. Now thirty or forty orders a day is nearer the average, and the cash handled amounts to several hundreds of dollars per day, amounting to two or three thousand dollars per week. —The case of Enoch Taylor and wife against Dr. Sanborn came to a sudden close to-day in its trial before Justice Priehard. The suit was to recover for the board of an infant, the child of Mr. and Mrs. Matt Morris, it being claimed that Dr. Sanborn brought the child there to be cared for. The doctor showed that he took the child there simply as a favor for the father and mother, and that Taylor and his wife understood it so. The bottom was knocked all out of the case, and those who have been wagging their tongues so lively about the affair, did not have a morsel of gossip left. The plaintiff's attorney dropped the case, saying he had been misled as to the facts. BOWER CITY RIFLES-ATTENTION! You are hereby ordered to meet at the armory, in full dress uniform, on Monday afternoon at one o'clock, sharp. J. B. LaGrange, Captain. L. O. Lee, Orderly Sergeant. TEMPLE OF HONOR. A special meeting of the Temple will be held this evening at the Temple hall, at 8 o'clock, sharp. All temples are requested to attend as business of importance will be transacted. Per order of W. C. T. C. W. BLAY, W. R. DEMOCRATIC DELEGATES. This afternoon the four Democratic conventions, of this county were held, the Senatorial, and three Assembly conventions. The total attendance was seventeen. As a result the following were chosen delegates to the State convention: Senatorial—Dr. J. B. Whiting, John Dow. First Assembly District—George Holmabold, H. Reigart. Second Assembly District—John Winans, Edward McKee. Third Assembly District—A. G. Fessenden, A. G. Newhall.

YOUNG AMERICA. It shows itself to be wide awake and enterprising. A fair which was more than fair. Yesterday was the second and closing day of the sixth annual Fair of the Young America Agricultural Society. These occasions have been growing in interest and merit year by year, but this season surpassed all previous ones. The Fair was held at George Cleland's, in the town of Center, and the spacious field devoted to the purpose, proved a happy selection. It is a rolling piece of ground, and on the highest knoll was placed the band stand, from which every part of the grounds was visible. There was a crowd of people, and a long line of teams, while on every side were signs of activity which betokened unusual enthusiasm. Representatives from all parts of the county were there, and many from the city drove out in carriages. The Bower City band occupied the stand and discoursed lively music. Flags and streamers fluttered in the breeze, the several temporary halls for exhibits were crowded, goodly-sized groups clustered about the sheds and pens where the stock was displayed, and everything had the appearance of a full fledged county fair, even to the colored lemonade, the rag baby game and the shooting gallery. In the line of stock there was, with the exception of swine, as fine a display as at the county fair. The town of Center is noted for fine stock, and there were added some noble specimens from other towns so that the whole made a grand showing. One of the events of yesterday was the address by Hon. C. G. Williams. About twenty mounted Young Americans with flags, and headed by the Bower City band, met the speaker at the gate and escorted him to the stand, where after a selection by the band, he was introduced by the president, Grant U. Fisher. Mr. Williams gave an excellent extemporaneous address of about half an hour in length. He referred to the great sorrow resting on the nation, and which the drapings of the stand indicated had not been overlooked by the managers of the Fair. The speaker briefly narrated some experiences and incidents in the life of the lamented President, and used these as texts from which to urge the young farmers to noble lives. He graphically pictured the progress made by science and invention in the aids to agriculture, and urged that there were broad fields of thought as well as of land yet to be cultivated. He paid a glowing tribute to the power of mind, and gave some very practical advice to young farmers. The officers of this society certainly deserve much credit for the enterprise and good judgment shown by them, and though young in years, they have displayed an excellence of management, which may well be patterned after. PERSONAL. —Mrs. F. G. Stevens has gone to Independence, Iowa, to visit friends. —The Misses Coryell, cousins of Mrs. W. S. Bennett, who have been visiting here for a short time, have been suddenly and sadly afflicted by the loss of their brother, Eugene Coryell, who died in Chicago yesterday. They will proceed at once to Chicago, and return with the remains to their old home in Ethna, N. Y. —Hugh Monzie and Charlie Clark left this morning to attend medical college in Chicago. Janesville sends down this winter over a dozen students, most of whom have already gone, the list embracing McDermott, Williams, Wintermute, Pomeroy, Mills, Palmer, Lusk Sutherland, Barnum, and Will Judd. The last named will not go for a week yet. —General James Bintliff, of Darlington, is to spend Sunday in the city. —Mr. and Mrs. George Scardiff, Jr., started off on their wedding trip this morning. The trip was planned to have taken place immediately after their marriage but the sudden illness of the bride prevented. She having been restored to health the young couple left this morning in the best of spirits and with the well wishes of many friends for a most safe and happy journey. They expect to visit Cleveland, Boston, New York, Saratoga, Montreal and other points of interest before their return. —A. J. Luckey, formerly of La Prairie and now a resident of De Soto, Mo., was a caller at the Gazette office this morning. This is his first visit here since 1836. —Mrs. J. S. Draper has returned from her eastern trip. —Mrs. Buffum, of Minneapolis, is expected to reach here Monday for a week's visit to her parents, Dr. and Mrs. Chittendon. —E. P. Conklin, who has been in the employ of Cyrus Miner, Esq., and for a time in the Doty works, has gone to Waukegan to open up a boot and shoe store there. He has the elements of success, and his many friends here wish a goodly share of prosperity for him. —J. M. Root, the able representative of W. W. Kimball's music house, is in the city for a few days. —Dr. Bowers, of Clinton, who was expected to preach in Court Street church to-morrow, has been taken ill, and cannot therefore fill the appointment. —Miss Minerva Guernsey, who was expected to read a sermon at the lay service to be held at All Souls' church, to-morrow, did not arrive this afternoon. —M. M. Rodgers, of Pittsburg, reached this city yesterday afternoon, in company with his sister and mother, who will remain here for a time visiting his uncle, Mr. Ferdinand Quinn. Mr. Rodgers returned this morning, business preventing a longer stay. He is private secretary to Superintendent Feltton, of the Cincinnati and St. Louis railway, a position of prominence and responsibility for so young a man. He is an excellent telegraph operator and short hand writer, and a young man of excellent parts. Those who formed his acquaintance when he visited this city two years ago will regret that his stay could not have been longer.
